

## Visitors Guidelines

The TR14ers is responsible for the well being of the young people who attend various events the Charity hosts and is mindful of their safeguarding at all times.

The Charity welcomes visitors and requests that they contact the lead member of staff or senior volunteer supervising the event prior to their visit stating;

- The purpose of their visit
- Expected time of arrival and duration of visit
- Names and roles of guests attending

Visitors may not engage young people in conversation or take photographic images, recordings or videos without prior written permission and then checking with the attendant supervisor at the time of the visit.
